**MusicQuest Best of Funky,
Soulful Electronica Mix**

MUSICQUEST BEST OF FUNKY, SOULFUL ELECTRONICA MIX ◦ 92 SONGS ◦ ABOUT 6 HOURS

The songs in this mix are funky, soulful, musically interesting and adventuresome, often extremely catchy, and frequently high energy. They will likely excite your emotions and inspire your psyche! I've called this mix "The Best of Funky, Soulful Electronica" because the tracks range from EDM/Pop to Soulful Mashups and from House/Trance to Techno Moody-ishness (and everything in-between). Rather than discuss each artist, I've listed them in order of their "first" appearance (unless grouped with someone else) and will let their excellent songs speak for themselves. I designed the above mix banner to showcase how children often approach life: with a smile, a light heart, and an imaginative, exploratory spirit. In that vein, I recommend really good headphones or, better yet, an excellent stereo in your living room or automobile with the volume turned up!
